STEP-BY-STEP “IT MUST BE LOVE. MONROE”:

1. Sanitize your and your client’s hands and nails. Push back the cuticle and remove pterygium from a nailplate. Shape the natural nails as desired. Gently remove the shine from the nail plate with a 180/220 grit file. Apply nail prep to the nails and remove all dust from the nail plate.
2. Place form under free edge of the nail that rose up and clamping given c-curve in the form (horseshoe-shaped).
3. Put clear pink acryl under the cuticle and cover acrylic powder for creating smile lines.
4. Create first part of design by red acryl on a free edge likeon the photo.
5. Put clear acryl near the red and glue red lace.
6. Overflow our design and clamp lateral lines, which make the arch (horseshoe-shaped). Built up your nails, remember about upper arch, apex. And correct form.
7. Shape the nails by special technique for Monroe nail form.
8. Apply UV Finish gel to the nails and cure it under the UV lamp for 2-3 minutes. Apply oil to the cuticles.
